SF Legal Appoints Chris Kitterman as VP of Client Services IT Professional Brings Fresh Law Firm Perspective to E-Discovery Project Management

San Francisco, Calif. – March 31, 2010 – [San Francisco Legal](#), a leading e-Discovery solutions provider for law firms, corporations, and government agencies, has appointed Chris Kitterman as Vice President of Client Services. Mr Kitterman is leveraging his 13 years of AmLaw 100 law firm IT management experience in his new role as SF Legal’s VP of Client Services. Chris oversees SF Legal’s suite of [litigation support services](#) and provides attorneys with strategic guidance on handling electronically stored information (ESI) in litigation. With his background, Chris is well-equipped to help clients control cost and reduce risk – all while ensuring their projects run smoothly.

“Service has always been paramount at SF Legal, and Chris will help ensure it remains that way as we continue to grow,” said CEO Christian Lawrence. “Chris has experience in IT and in the commercial, employment and toxic tort litigation sectors. He’s the perfect match for SF Legal and his mission is to exceed our clients’ expectations every time.”

With more than 13 years in senior IT management roles and extensive project management experience with Thelen LLP [now defunct], Mr. Kitterman has a first-hand understanding of SF Legal’s law firm clients’ needs. His career with the AmLaw 100-ranked firm involved project intake, vendor RFP preparation, and quality and budget control. This included full technology integration through two national multi-office mergers. Mr. Kitterman also specializes in industry leading litigation software solutions for business intelligence, computer forensics and risk management. He holds a B.S. in Psychology with a minor in Business Administration from Washington State University.

“I’m excited to bring my skills and experience to the service provider side of e-discovery. I am particularly happy to do so at SF Legal as it is an industry leader, creating an innovative approach to e-discovery,” Chris said.
